

Navajo County Inspection List Reference Sheet

- Storage
 - There should be no large/heavy items that weigh more than 5lbs on shelves above eye level.
- Electrical Hazards
 - Appliances include microwaves, refrigerators, coffee pots, etc.
 - Electronics include computers and small printers
 - Expensive printers would include large plotting printers
 - Daisy chains are a connection of cords where extension cords and power strips are used to form a makeshift extension cord
 - EOPA stands for “Employee Owned Personal Appliance”
- Housekeeping
 - “Managed under desks” does not just mean transferring cords from outside the desk to under the desk – make sure the cords are organized
 - Doors are easily opened – Make sure that a child would be able to push open the door in an emergency
